

Space Coast Hurricanes

Therapeutic Skating Team

The Space Coast Hurricanes Therapeutic Skating Team will provide one-on-one coaching to create an atmosphere that fosters creativity and fun. Skaters will have multiple opportunities to perform a theatrical routine once basic skating skills are mastered.

- Classes will be held on Thursdays from 5:30pm-6:00pm
- Class Cost: \$80 on a month with 4 Thursdays and \$100 on a month with 5 Thursdays.

The goal of this team is to have enough skaters to compete at a National Competition in Birmingham, Alabama June of 2019.

The Hurricane Teams will provide fundraising opportunities that will allow us to provide necessary equipment (i.e. skates, coaching, costumes, team warm-ups, team backpacks, etc...) for these skaters to enjoy the sport at a minimal cost.

“Learning to skate has changed Annie's life! This is a skill I would never have been able to teach her as I grew up in Florida. The Iceplex is her place now! She has weekly lessons, she plays hockey, she enjoys performing in the theater on ice shows, she attends the skating camps and loves to have her birthday parties at the Iceplex. Spacecoast Iceplex has welcomed, embraced and supported her for the last four years. It has been a beautiful inclusive experience and she has made so many friends on the ice!” -Theresa Mitchell, Annie’s Mom
